

Object Investigation Worksheet

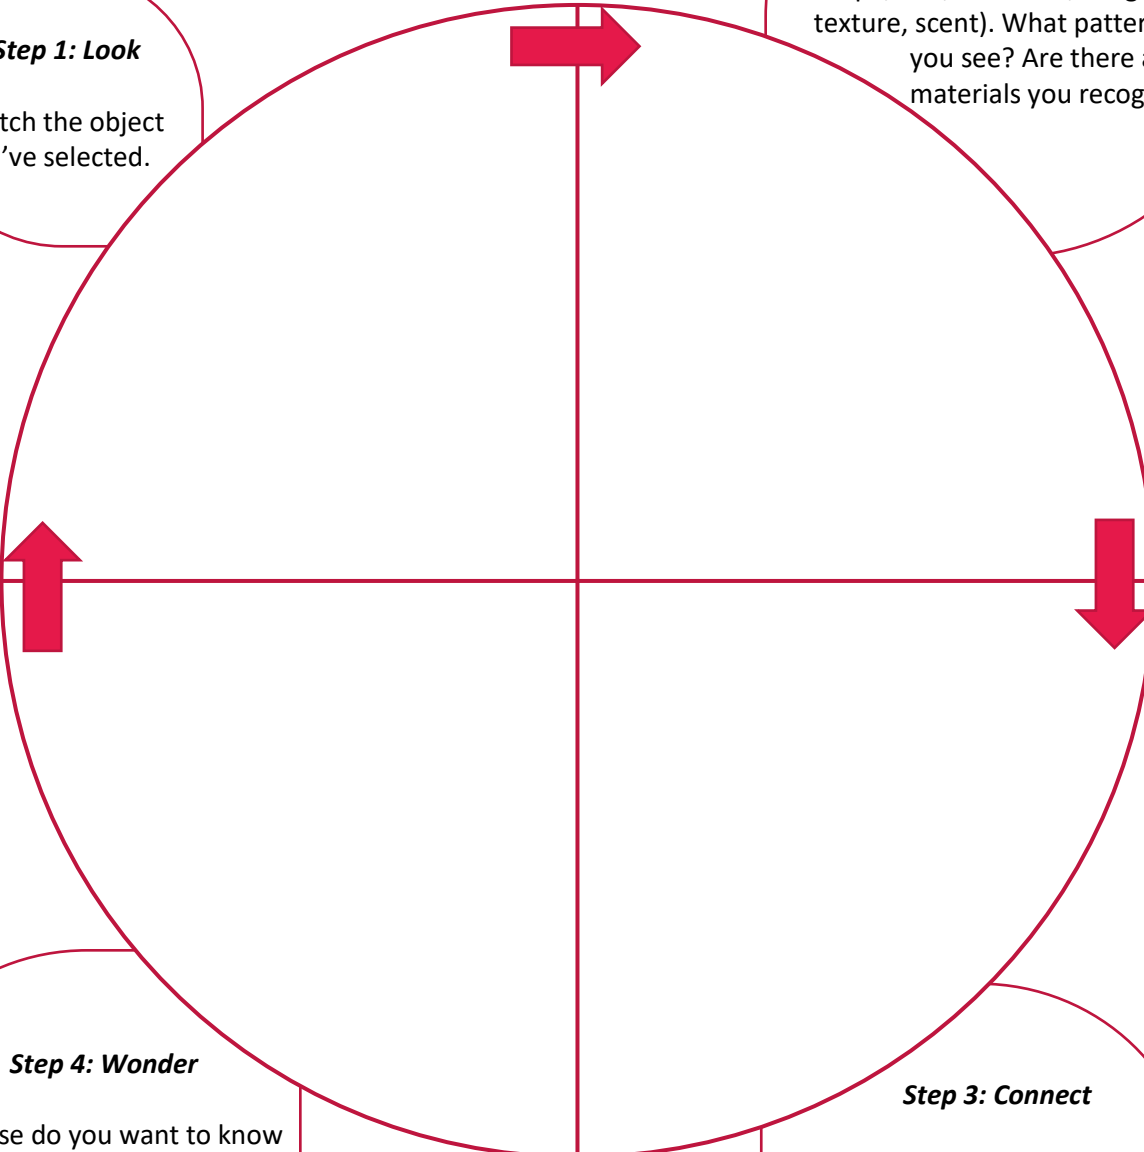

This object was created by the _____ Peoples.

Step 1: Look

Sketch the object you've selected.

Step 2: Notice

Thoughtfully notice and describe the details of the object (color, shape, size, materials, weight, texture, scent). What patterns do you see? Are there any materials you recognize?

Step 4: Wonder

What else do you want to know or learn about this object? Do you know who made the object or when it was made?

Step 3: Connect

Does this remind you of something in your life? It can be anything. Think outside the box!
